LIFESTYLE

EXPLORE THE NIGHT

Tired of looking at scenic landscapes while you hike? Well strap on your headlamp and head out into the night. You'll tread barely visible paths and twist your ankles on rocks and roots but it's worth it for the thrill of seeing the glowing eyes of night creatures. Coyote? Deer? Do you dare to take a closer look? Night hiking isn't for everyone but if you hike in the night watch out for the cliffs!

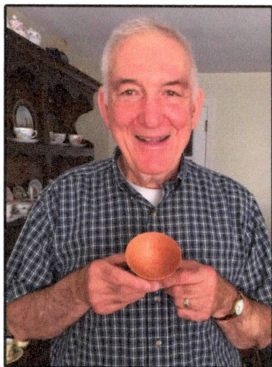

NEWS OF THE WEIRD BUT TRUE
